

INTERNET SOLUTIONS

A RANGE OF SERVICES TO MEET THE SPECIFIC NEEDS OF YOUR ORGANIZATION

Today, a company's Internet service is its lifeline for connecting with customers, suppliers, partners, as well as accessing cloud-based resources. A reliable, high-performance Internet connection is no longer a luxury, it's a necessity. However, because each organization has different business models and different requirements, Comcast offers a broad range of Internet options that allow organizations to select the one that best meets their specific needs.

COMCAST BUSINESS PROVIDES THREE SOLUTIONS OVER ITS NATIONAL NETWORK:

CHARACTERISTIC	COMCAST BUSINESS INTERNET	COMCAST ETHERNET DEDICATED INTERNET OVER HFC	COMCAST ETHERNET DEDICATED INTERNET OVER FIBER
UP/DOWN	Asymmetric	Symmetric	Symmetric
SPEEDS*	16Mb/3Mb to 150Mb/20Mb	2Mb to 10Mb	2Mb to 10Gb
ROUTING OPTIONS	DHCP Static	Static Dynamic (BGP Failover)	Static Dynamic (BGP Failover) Dynamic (BDP Load Balancing)
IP ADDRESS QUANTITY	1, 5 or 13 addresses only	Small-to-Large IP address blocks	Small-to-Large IP address blocks
IP ADDRESS TYPE	IPv4 or IPv6	IPv4 or IPv6	IPv4 or IPv6
IP ADDRESS PROVIDER	Comcast	Comcast or Customer	Comcast or Customer
ACCESS MEDIUM	Shared	Priority	Dedicated
PRICE	\$	\$\$	\$\$\$
AVAILABILITY SLA	N/A	High	Very High
CRITICALITY OF INTERNET SERVICE TO BUSINESS OPERATIONS	Low	Medium	High
DESIGNED FOR	Customers with low to medium bandwidth requirements that need a solid, reliable Internet connection at an affordable price	Customers with low to medium bandwidth requirements that also need enterprise features	Customers that require reliable, high-capacity Internet access, a comprehensive enterprise feature set, and who run bandwidth-intensive, high-volume applications that demand performance, availability and the ability to scale up as needed
TYPICAL CUSTOMER	A local dry cleaner that conducts some daily business over the Internet	A local retail store that has a website for e-commerce and also accesses cloud-based banking applications over the Internet	A 30-person advertising and marketing firm that transfers large graphics and video files to its clients over the Internet, and has employees accessing the Internet on a regular basis to do research and send messages

*Speeds may vary by geography.

All of the solutions above are backed by Comcast Business' dedicated service and support team, including proactive monitoring and troubleshooting 24x7x365 from multiple NOCs with visibility down to the customer premises.
